

Stride Active Membership

September 2022 - August 2023

We exist
because

you

support

us.

"Stride Active support in previous years has been fantastic and I am new to the role so we decided Stride would be able to help me get set up and guide me through the role in my first year. Stride have been into school several times to support me with what the role entails, what good PE in school looks like and have helped me to conduct thorough observations. They have also helped me make sure I am doing everything I should be, they have always been on the end of an email and have provided excellent feedback and training to all teaching staff in our school."

Cradley Primary School

Stride Active Member School 2021/22

Welcome to our school membership package for 2022/23

We know that there are so many competing priorities in schools, so our aim is to keep things as simple as possible for you.

This year you'll see that we're offering a 'Communications' and 'Support' membership for schools. Our Communications offer will provide you with access to all of the important meetings, updates and information throughout the year (similar to bronze membership previously), whilst our Support offer will enable us to spend time working with your school, focusing on your individual needs (similar to silver membership previously).

Your investment in Stride Active allows us to continue to grow, whilst also securing our future so we can provide ongoing support to you. To be a Stride Active Member School, just select which option best meets your needs and we'll take care of the rest!

It could also be to work with support staff or your young leaders. To see our full range of CPD opportunities, click [HERE](#).

You can add anything onto your membership and we'll work out the most cost effective way of doing it for you.
