

Stride Active School Partnerships

September 2023 - August 2024

We exist
because

you

support

us

"We decided to take up the Stride Active membership as ongoing members who have previously benefited from Stride's ongoing support. We love being kept up to date with current information, initiatives, opportunities, resources, events etc. We have found the team to be very helpful and knowledgeable and have accessed training for our PE lead, ECTs, pupils (playground buddies) and recently, the team - who have lots of contacts to subject specific experts - signposted us which supported us to implement whole staff dance training.

Welcome to our School Partnerships!

Through working in partnership we can provide the support you need, to make a difference in your school. We know that there are so many competing priorities in schools, so our aim is to keep things as simple as possible for you.

We have two School Partnership opportunities - 'Communications' and 'Support' which will enable you to receive different levels of support depending on your needs. 'Communications' will provide you with access to all of the important meetings, updates and information throughout the year, whilst 'Support' will enable us to spend time working with your school, focusing on your individual needs.

Your investment in Stride Active allows us to continue to grow, whilst also securing our future so we can provide ongoing support to you. To be a Stride Active Partnership School, just select which option best meets your needs and we'll take care of the rest!

Our School Partnerships

We had a change in leadership within the school and the membership provided tailored CPD...including, what effective PE leadership might look like, creating a progressive curriculum, school vision and support with making the best of sports premium. Our CPD meetings with Stride Active provided clear support. As the programme was flexible, we could work collaboratively with our partnership school. It also provided access to key contacts in other schools, who could provide further insights into how things might work in practice.

PE Co-ordinator, Bridstow Primary School - 2022-23 Support school

It has been fantastic to have someone at the end of an email that I can ask for advice or run my ideas past. Also organising fantastic events that allow our small school the opportunity to partake in things they may not normally have access to. As a school it has helped us to develop our PE offer, knowledge and understanding. As a coordinator it has developed my confidence and encouraged me to initiate new opportunities for the children and staff.
